REQUALIFICATION COURSE – STUDENT INFORMATION

Dear Student:

Thank you for your interest in the POST Requalification Course. To prepare you for this three-week course we have compiled information to speed the application process, ensure you have all of the tools necessary to complete the course and still find time to enjoy the world-renowned Napa Valley.

COURSE CONTENT

The Requalification Course content is established by P.O.S.T. and is identical for all course presenters. The course is designed to test a person for minimal competency in various law enforcement skills and high liability areas. It is expected that you have maintained a minimal level of competency in all other areas of law enforcement, as this course does not provide you with basic skills instruction. The course covers updated legal information, refresher instruction on manipulative skills, new requirements dictated by recent laws, and tests for competency in all of those areas. If you have not maintained your skills at a basic level, then you should consider returning to the basic police academy course.

APPLICATION

Please follow all the instructions on the “Requalification Course Enrollment Process” form. Remember, all the required forms **must** be submitted at the same time to reserve a seat in the course.

MEDICAL CLEARANCE

Prior to participating in the course, you need to get a medical clearance from a physician. Generally speaking it will take approximately **30 days** to receive a firearms clearance letter from the California Department of Justice. The cost for submitting your fingerprints to DOJ varies dependant upon fees charged by the agency doing the fingerprinting.
